

# OCM Unique Product Info

## SUPER SHIELD CHAIN

SUPER SHIELD CHAIN by OCM is a really high corrosion resistant chain for areas exposed directly to water. Second only to OCM's stainless steel roller chain in corrosion resistance, SUPER SHIELD CHAIN also retains almost the strength of standard roller chain.

A tough protective coating is baked onto the chain, providing corrosion resistance up to 250 degree celsius. When you need a chain for corrosion resistance to salt water, rain water, etc., use OCM SUPER SHIELD CHAIN.

Test Result --See the pictures shown on the right--  
Chain was sprayed with salt water. The test was made in accordance with JIS Z2371, Japan Industrial Standard.

- (1) OCM SUPER SHIELD CHAIN
- (2) Competitor's Equivalent
- (3) OCM Nickel Plated CHain

We can supply SUPER SHIELD CHAIN in any type of roller chain and conveyor chain.

Chain after 72 hours elapsed
